INTRODCING HYDROJELLY MASKS

Hydrojelly masks are used in combination with our facials to help boost your skins hydration. Each Hydrojelly mask is medical grade and helps focus on different skin care concerns. Rich in micronutrients, flavonoids and phytonutrients to help increase energy, restore PH balance and help synthesize proteins.

Balances dry skin and helps distribute water. Reduces the appearance of dark circles and sagging. Supports firming and tightening, and protects the skin from environmental stressors. Helps prevent the visible signs of aging.

*March Special includes Hydrafacial MD with Super Green Hydrojelly Mask and nitrogen booster for *\$250
